मुझे यह जानकर हर्ष है कि विजन दिव्यांग फाउंडेशन 14 अक्टूबर, 2016 को नई दिल्ली में रोटेरी क्लब के रोटेरक्ट और विजन स्पेशल स्कूल के सहयोग से विजन दिव्यांग कार्यक्रम का आयोजन करने जा रहा है। इस अवसर पर यह फाउंडेशन एक स्मारिका का प्रकाशन भी कर रहा है।

मुझे ज्ञात हुआ है कि यह फाउंडेशन विशेष योग्यताओं के साथ विभिन्न रूप से योग्य दिव्यांग बच्चों की आश्चर्यजनक प्रतिभा का प्रदर्शन करने के लिए एक मंच उपलब्ध करायेगा। मेरा मानना है कि दिव्यांगों को सफलता की ऊंचाइयां प्राप्त करने से कोई नहीं रोक सकता है और उनको अपनी प्रतिभा दिखाने का अवसर प्रदान करना जरूरी है।

मैं विजन दिव्यांग कार्यक्रम की सफलता के साथ स्मारिका के सफल प्रकाशन की कामना करता हूँ।

Dear Participants,

I commend Rotaract District Organisation & Vision Special Schools for organizing a Mega Event to Empower the Children with Special Needs on 14<sup>th</sup> October, 2016.

As an emerging world power, it is the responsibility of all citizens to make our country inclusive by participation from all sections of the society which includes the children with special needs. No society can prosper if it does not take care of creating opportunities for special children and the current education system of our country needs to focus on to empower children with special needs.

There is a need for children with special need to study in in the same school as their non-disabled peers with the support necessary for them to be successful there, then the society is said to be "inclusive". Today, with the availability of opportunities across different fields, be it, music, sports, martial arts, art and craft; children with special needs can excel across multiple fields with basic academics and adequate life skills. And this is where we and the current education system of our country needs to focus on to empower these children.

Vision special school has been doing pioneering work in this field and I wish to compliment PP Mukesh G. Gupta for his dedication and focus on improving our society by development of positive attitudes and perceptions of persons with special abilities and the enhancement of social status with non-disabled peers.

I wish to compliment District Rotaract Representative Rtr. Megha Jain & her team for supporting this great cause and enhancing the image of Rotary and to demonstrate support for our theme Rotary Serving Humanity.

**Dear DRR. Megha Jain  
Warm Rotary Greetings**

**Leaders must be close enough to relate to others, but far enough ahead to motivate them. A leader is someone willing to give his strength to others that they may have strength to stand on their own.**

**It is a matter of great admiration that under your leadership, the Rotaract Clubs of District 3012 has been working miraculously taking up wonderful endeavors, bearing stupendous fruits.**

**This special task of "VISION DIVYANG", initiated by Rotaractors of Rotary International District 3012, is a diligent effort which will act as a platform for the differently able children with special abilities to demonstrate astonishing talent and prove that there is nothing that can stop them from reaching at the mountain of success. However difficult life may seem, there is always something one can do and succeed at. The world worries more about disability than disabled people do.**

**Disability is a state of mind. History proves this statement right when we hear success stories of so many distinguished individuals, who have excelled in various fields inspite of their disability and who keep inspiring us in so many ways everyday. End number of examples are their of Divyang- Jans who have proved themselves much superior to others in their pursuits. They have not let their disability hold them back in any way, performing in international areas, to bagging gold medal in sports events. There is nothing these champions cannot do ! They have always made us proud and VISION DIVYANG is definitely going to bring out new such talents.**

**Each time a human stands up for an ideal, or acts to improve the lot of others, he sends forth a tiny ripple of hope..... and crossing each other from a million different centers of energy and daring those ripples build a current that can sweep down the mightiest walls of oppression and resistance. Hope this event on 14 Oct, 2016 Friday at Talkatora stadium also yield a current which may break all the barriers of affliction from the life of these Divyang- Jans.**

**My best wishes are with the club. Without doubt it will continue to have success in all areas.**

**I am delighted to share my message for the VISION DIVYANG programme.**

I have always found people very good by Heart. I have realised that greatness is nothing in life but being able to live to achieve your dreams. When our passion becomes our motivation and our dreams become our goals; nothing in the world can stop us achieve the greatness we are always looking for. Going further is being able to fulfil the dreams of people you come in touch with. So is the case with Vision Divyang.

When Rotaractors approached us; it was as if we were just waiting for it. Within minutes it was decided to do this mega-event and make dreams of not only the hundreds of Rotaractors but also the thousands of Special Children – come true.

It has been an amazing journey so far. The love and gratitude we have got from the Divyang Stakeholders & especially Rotarians is simple amazing. The truth is that we all are good people and we all want to do good. It is just that we need to create appropriate environment for allowing the good to happen. Though, controlled environment is very difficult to create; but ultimately it all depends on one's desire to do so. The stronger the desire, the easier things start becoming. To make them further easier is by helping others in achieving thier dreams. Ultimately, you are helping yourself in knowing how to fulfil dreams. So, you end up being the dream fulfilling person. So, my request to all those reading this message is to reach out to people and help them in achieving their dreams as goals.

As far as VISION DIVYANG goes; it is just the begnning. The entire team of volunteers is doing an amazing job of pulling this dream through. Vision Divyang has set itself the Mission for the DIVYANG. We welcome you to come forward and be the missing link to help us empower the Persons with Disabilities (PWDs). We all have some form of Special Need. For some people their disability is very evident; for some like us; it is hidden or gets unnoticed.

We have therefore to focus on the ABILITY and BUILD on what we HAVE and START from WHERE we ARE. Each Divyang is an opportunity and waiting to happen. Let us join hands and create a positive environment for the holistic development of all humans and in particular the DIVYANG.

May God Bless all the Rotaractors and their families who have come out to help Vision Special Schools to serve for the cause of Children With Special Needs (CWSN) with an open heart and mind - which has led to the VISION DIVYANG programme. I would like to congratulate in particular Rtr. Vishaka Relan who has led from the front and made this idea successful. I thank the teams of Vision Special Schools Delhi & Faridabad and different NGOs including all stake-holders for making this event happen. I thank the District Governor Rtn. Sharat Jain for agreeing to associate Rotary to this noble cause. I thank Prof. C.L. Kundu who has been the mentor for me and the entire group. It is his Vision which has helped us think objectively and be there where we are today. Last but not the least, I thank my wife Rtn. Kusum Aanchal Gupta who has always been my strength and who continues to guide me whenever i am in need.

May God bless us all & help us in selflessly serving others and be a Gift to the World.
